All of our MOO™ blends are made to be acceptable for Organic Farms. While most users are not Organic Farmers, we decided long ago that MOO™ products would be the best in the industry from both an environmental and quality perspective. Try MOO™ and you will agree.

All of our products promote sustainable agriculture and a commitment to family owned businesses. We continue to research new applications and methods for composting and ways to utilize precious agricultural resources.

Vermont Natural Ag Products, Inc. • Middlebury, VT • (800) 639-4511 • www.moodoo.com

The Commissioner's Choice Vermont Seal of Quality is for use on Vermont farm products that are essentially 100% produced and processed in the state of Vermont, a claim which we are proud to make for all of our MOO™ Products.
